When you're worried about your health, why worry about where to start looking for a doctor?

Can you face finding your way through your local healthcare system?

And if you need treatment, what happens when they hand over the bill?

As one of the world’s leading insurers, AXA has the global setup to take care of you and your family.

We’re here 24/7 to take the worry out of explaining and understanding medical terms in a language you may not speak – simply talk to us in your own language.

We can help you access the medical care you need – wherever you happen to be.

You’ll have all the certainty of a predictable monthly cost, not a sudden bill.

Over 75% of people moving abroad are worried about accessing healthcare.

Everyone needs a little certainty sometimes

Let us take the guesswork out of international healthcare

Whether you’re home or travelling, on holiday or working:

✓ You can get emergency treatment wherever you are.

✓ You can reach the same helpful, multilingual team easily and quickly.

✓ If you have a medical emergency, we’ll make sure you can get the care you need, even if that means evacuating you from your medical facility to one in another country – and we’ll get you home afterwards – all organised by AXA.

✓ When you walk into a health clinic, you’ll have the reassurance of knowing they’ll recognise our name and trust your plan – with support available around the clock if you need it.
How your cover works

Here’s how to get the cover you need – no more, no less.

1 Where do you need cover for?

Choose to include the USA or not. It’s that simple.

☐ Area 1 – Worldwide
☐ Area 2 – Worldwide, excluding the USA

You’re covered everywhere in your area, whether you’re at home, on holiday or on a work trip.

Visiting the USA?

Don’t worry, you’ll have emergency cover no matter what.

Even if you choose ‘Worldwide, excluding the USA’, you’ll still have emergency cover when visiting the USA.

2 Which plan suits you?

Choose the plan that’s right for you.

☐ Standard for superb value
☐ Comprehensive for extra cover, including out-patient
☐ Prestige for more reassurance, including travel insurance
☐ Prestige Plus for our ultimate cover

Find out more about what’s covered on each plan

3 Add an upgrade

Tailor your cover to match what you need.

☐ Out-patient treatment
☐ Dental care
☐ International travel insurance

Find out more about what’s covered on each upgrade

4 Manage your costs with an excess

Add an excess to help bring your premiums down.

☐ £100 €125 $160
☐ £250 €320 $400
☐ £500 €640 $800
☐ £1,000 €1,275 $1,600
☐ £2,000 €2,550 $3,200

Increased excess available for Standard plans without out-patient upgrade:

☐ £5,000 €6,375 $8,000
☐ £10,000 €12,750 $16,000

Here’s an example:

Emma works in Shanghai. She doesn’t visit the USA, so has excluded it, knowing she’ll still have emergency cover. She’s chosen Comprehensive level for the out-patient treatment cover, and added Dental care to cover routine checkups. Then she’s cut costs by adding an excess of £250.

You’ve had the diagnosis, but you just aren’t sure...

You can turn to us

With your cover you can have an independent second opinion from world-leading experts. Not only that, we’ll also provide you with a medically trained case manager who can speak to local health providers in their language and support you and your family from diagnosis to recovery. All of which helps you to focus on getting better.

The Second Medical Opinion Service is available over the phone to all our members.

It’s an emergency, but you know you can’t get the help you need close by...

We’ll get you where you need to be

If you have a serious accident or illness and can’t get the help you need locally, we’ll arrange for you to be evacuated to the nearest medical facility – whether that’s a short drive or an international flight away. And then when you’re ready, we’ll get you back home.

All plans include emergency evacuation and repatriation as standard.

You’re walking into a health clinic, but you don’t know if they’ll recognise your cover...

They’ll know our name

Our global reach means that just about any hospital or clinic around the world will recognise the AXA brand. That means they’ll trust your cover, and can start your treatment sooner.

AXA is one of the largest healthcare insurers in the world, with offices in 64 countries, and local knowledge and support wherever you happen to be.

“When the situation arises, you’re very glad to have somebody there that’s 100% behind you.”

Maya’s story with AXA since 2006

“Kelly Rutter, the lady who is overlooking our case, has been fantastic. In such difficult times, when one’s child is being treated with cancer, one needs all the support to allow a parent to be strong and instil strength in his/her child.

Kelly’s sincere care and efficient attention went beyond professionalism. This is a tribute to AXA, your recruitment, your training and your culture. We were not only a number, a case: there was (and still is) personal care and support which exceeded our expectations. Kelly even sent a colouring book and colouring pencils for my child. I had tears in my eyes when she received them. Thank you for nurturing such a culture: it is indeed personalised care.”

“We were not only a number, a case: there was personal care and support”
Nigel’s story with AXA since 1998

“Being in a foreign country is always a challenge. How am I going to find all the people that I need to find to help me get better? So when [AXA’s second opinion service] Medix contacted me and said “look we’re happy to help” it was a God-send.

It’s not very often you find companies that provide that sort of level of support. It’s indescribable. You get lost with the words and emotions about it because you’re getting your life back again.

I still get calls, just checking every six months, if everything is okay and do I need any help.”

“How am I going to find all the people that I need to find to help me get better?”
