What is this type of insurance?

The property owner's liability is also covered. Various additional cover options are available too.

What is insured?

The Buildings of a private residence are insured on the rebuilding cost and should not include the price paid for the land or airspace. The Buildings will automatically include the actual structure, any immovable fixtures, fittings and interior decorations as well as any external structures forming part of the same residence such as swimming pools, patios, boundary & garden walls, car ports and garages.
