What is this type of insurance?

Our motor insurance policy pays for loss or damage caused by your motor vehicle as well as accidental damage, fire and theft depending on the type of cover that is chosen. There are three levels of cover - Comprehensive, Third Party Fire & Theft and Third Party Only. Third Party Liability insurance is compulsory in Malta for all motor vehicles.

What is insured?

Motor Insurance covers the third party liability required by law i.e. any damage caused to persons and property. Limits of liability are €6,450,000 for bodily injury and €1,300,000 for property damage.

Motor vehicles may also be insured for accidental damage and/or fire & theft. Motor vehicles are to be insured on the policyholder's estimate of value, however, this should not exceed the market value at the time of purchasing or renewing cover. The market value is established on the cost of replacing the motor vehicle with another of the same make, model, age and condition including accessories any sign writing or vehicle wrapping. Should repairs be very high compared to the market value, the vehicle may not be viable to repair and a settlement amount is agreed with you.
